**About the Project**

This temporary disruption of services is part of the **\$8M Treme-Lafitte Group B** joint infrastructure project with the City of New Orleans' Department of Public Works and Sewerage and Water Board of New Orleans.

Once complete, residents will experience an overall improved quality of life as the project will replace damaged underground water, sewer, and drainage lines, repave the asphalt roadway from curb-to-curb, replace damaged portions of concrete, replace damaged sidewalks and driveway aprons, and install Americans with Disabilities Act (ADA)-compliant curb ramps at intersections. The project is scheduled to be completed in the Fall of 2023.
