

Hollygrove Group B Pre-Construction Community Meeting

City of New Orleans

June 21, 2021

Agenda and House Rules

- **Introductions**

Valerie Bouldin, Community Liaison, Neighborhood Engagement Office

- **Hollygrove Group B**

Louis R. Haywood, Project Manager, Department of Public Works

- **What To Expect During Construction**

Kimberly Turner, Community Outreach Specialist, RoadworkNOLA

- **Questions & Answers**

Valerie Bouldin

House Rules

- Allow one person to speak at a time.
- Questions about the project can be submitted via email to vbouldin@nola.gov and via text to 504-688-3909.
- Keep your comments concise and relevant.

SLEEVES UP, NOLA!

The COVID-19
vaccine is our shot to
get back to normal.

Visit ready.nola.gov for more information.

Safety Guidelines for Contractors During COVID-19

- Single point of entry into the jobsite and check-in/check-out of all workers.
- Temperature scan upon entry and anyone exhibiting signs of illness not allowed on site.
- Thorough daily cleaning of work areas. Wipe down of surfaces and frequently touched items.
- Handwashing stations provided with mandated proper handwashing at intervals throughout the day.
- No interactions with more than 10 people and maintaining at least 6 feet space between workers.
- Educational literature posted in multiple languages, along with daily training on appropriate conduct.
- Immediate reporting of any cases of known COVID-19.
- All progress meetings will continue as virtual meetings.

SWBNO / DPW Joint Infrastructure Program Accomplishments

- December 2015: \$2B FEMA Settlement for Hurricane Katrina-related damage to roads and subsurface infrastructure
- May 7, 2018: 10 JIRR projects in construction
- Since May 7, 2018
 - ✓ 61 projects totaling **\$596M** have gone into construction
 - ✓ 28 projects completed, totaling **\$151M**
 - ✓ 80 projects have gone into final design, **totaling \$732M**
- Current Status with estimated values
 - ✓ JIRR Program Spending accelerated, approximately **15% (\$170M)** of \$1.4B Obligation Reimbursed)
 - ✓ **Construction:** 48 Projects, **\$527M**
 - ✓ **Bid & Award:** 22 Projects, **\$232M**
 - ✓ **Final Design:** 49 Projects, **\$383M**
 - ✓ **Completed:** 28 projects, **\$151M**

Types of CIP Construction

Full-Depth Reconstruction

Repair sewerage, water, and drainage lines, rebuild the street entirely, and repair sidewalks and curbs.

Patch Mill/Overlay

Repave the asphalt roadway from curb to curb and repair damaged sidewalks.

Patch Concrete

Remove damaged portions of the concrete roadway and replace it with new smooth concrete pavement and repair damaged sidewalks.

Types of CIP Construction

Incidental Road Repairs

Remove damaged portions of the asphalt roadway and replace it with new smooth pavement.

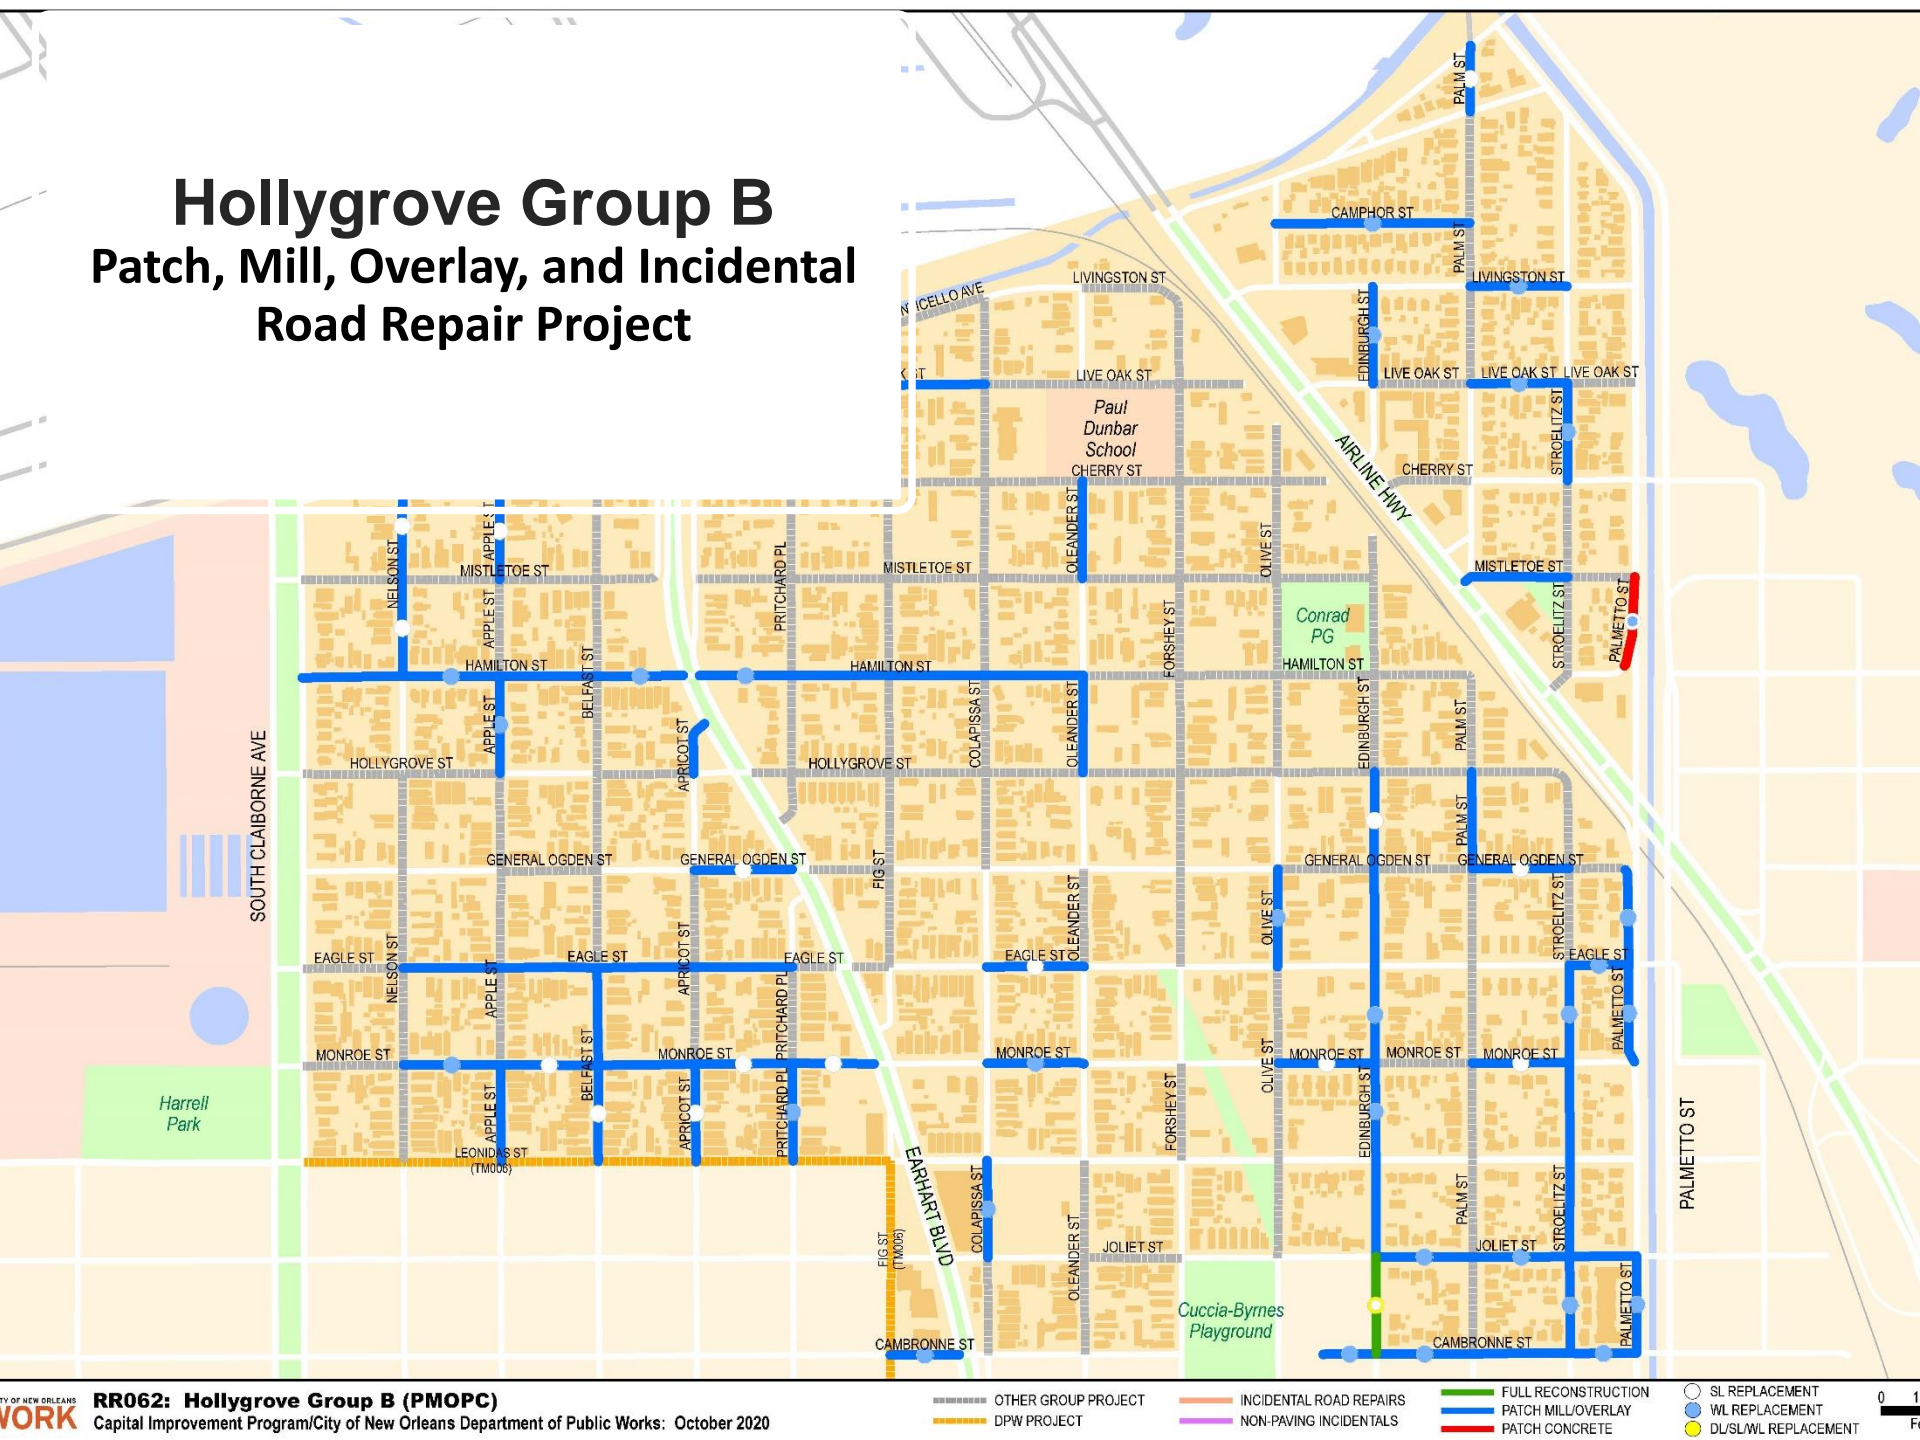

Non-Paving Incidentals

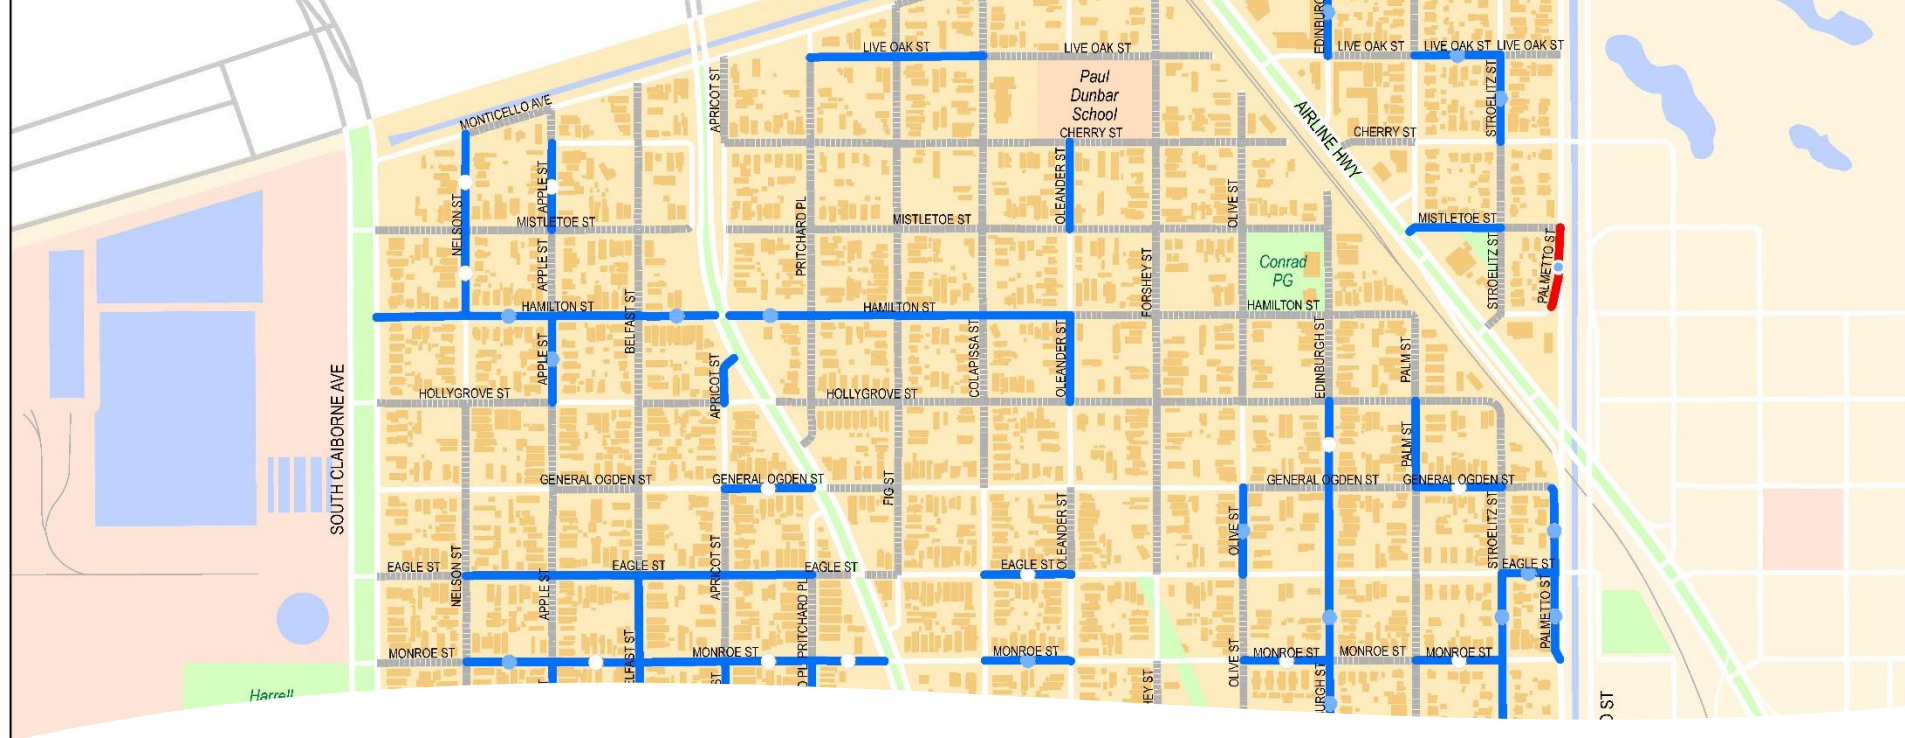

Repair damaged sidewalks, driveway aprons and curbs within the public right-of-way.

Other Group Project

Street is in the design phase or is planned to be built in a future project.

Hollygrove Group B Patch, Mill, Overlay, and Incidental Road Repair Project

Project Overview:

Hollygrove Group B

- **Design:** Waggoner Engineering
- **Construction:** Boh Brothers Construction Company, LLC
- **Construction Cost:** Approximately \$20.3M
- **Timeline:** Project will begin July 2021 and be completed in Summer 2022

Scope of work

- Replacement of roadways;
- Repave the roadway;
- Replacement of sidewalks and driveway aprons;
- Install Americans with Disabilities Act-compliant curb ramps at intersection; and
- Replacement and / or upgrades to underground water, sewer, and/or drainage utilities.

Waterline Replacements or Repairs

- There will be some service disruptions.
- Notifications will be sent to residents 48-hours prior to full waterline closures and 24-hours notice will be given for waterline test closures (per Louisiana Department of Health guidelines).
- If a lead service line on City of New Orleans right-of-way is exposed and subsequently replaced, it could cause problems such as leaks on your property. When this occurs Sewerage & Water Board of New Orleans provides information to help guide your private plumber to repair pipes on private property.

Patch Mill / Overlay

- Roadway will be re-surfaced with asphalt
- Repairs may be made to some damaged curbs, sidewalks and driveway aprons

**Existing asphalt conditions on the
3000 block of Hamilton Street**

**An example of a repaved area in the
600 block of St. Roch Street which
was completed under DPW663
Franklin Avenue project**

Patch Concrete

- Replacing one or multiple damaged concrete panels in the roadway
- Repairs may be made to some damaged curbs, sidewalks and driveway aprons

Sidewalks

- Sidewalk panels adjacent to Americans with Disabilities Act (ADA)-compliant ramps will be replaced with new sidewalks.
- New sidewalks and ramps will meet ADA-regulations.

Americans with Disabilities Act-Compliant Curb Ramps

Americans with Disabilities Act (ADA)-compliant curb ramps at sidewalk corners ensure accessibility for people who are visually or physically impaired, using wheelchairs or strollers.

Hollygrove Group B Project Timeline

<u>Milestone</u>	<u>Date</u>
Construction Start	July 2021
Construction Complete	Summer 2022

* Please note that all schedules are subject to change and weather delays.

Archaeology and Historic Preservation

- **Project may involve archaeology**

- Site may include prehistoric and or colonial sites. If so, an archaeological monitor will be onsite where digging occurs, for example, subterranean utility work in archaeologically sensitive areas or near cemeteries.
- Email Archaeologist, Michael Godzinski at archaeology@nola.gov

- **Project may also involve historic preservation**

- Character Defining Features in National Register Historic Districts may include stone curbs, street name tiles, brick or stone sidewalks, brick gutter bottoms and two-track driveways to name a few.
- For a complete slideshow of Character Defining Features, visit <https://roadwork.nola.gov/historic-preservation/>
- Email Historic Preservation Specialist, Philip Gilmore at historicpres@nola.gov

What to Expect During Construction

Sequencing of this project will be communicated with residents upon finalization. There will be signage placed prominently to indicate road closures for vehicular, pedestrian and bike traffic. Impacts related to sequencing will be communicated to the community by the RoadworkNOLA office.

Temporary construction impacts

- Additional construction equipment –
 - **Staging location for this project: 8500 Earhart Blvd**
- Limited parking availability
- Sounds
- Dust

Efforts to minimize construction impacts

- ✓ Construction signage placed around the sites.
- ✓ Any temporary closures will be communicated in advance.
- ✓ Construction equipment will not be staged in areas that prohibit residential access and parking.
- ✓ If you notice any changes to your garbage and/or recycling, and US Postal services please contact our office.
- ✓ Residents will be informed throughout construction.

Regular work hours are Monday-Friday 7 a.m. to 5:30 p.m.
Permission for occasional weekend work may be granted, if required.

Keeping You Informed Roadwork.nola.gov

The screenshot shows the Roadwork.nola.gov website interface. At the top, there's a navigation bar with the City of New Orleans logo and the 'ROADWORK' title. Below this is a search bar with the placeholder text 'Get Started Here! Enter an address to get block-to-block details on construction projects'. A callout points to the search bar with the text 'Enter your address here'. To the left of the map is a 'Show Layer' panel with options for 'Pavement Condition', 'Planned Road Construction' (which is selected), and 'Roads Under Construction Now'. Below this is a 'Legend' panel with a list of construction types: Full Reconstruction, Patch Mill/Overlay, Patch Concrete, Incidental Road Repairs, Non-Paving Incidentals, Streetscape, Bridge Replacement, Future Road Work, and Pending. A callout points to the legend with the text 'Choose to view pavement condition, planned work or roads under construction now'. On the right side of the map, there's a callout that says 'Tell us what you think of the site or download the data'. The main map area shows a street grid with various colored overlays indicating construction projects. At the bottom, there's a detailed view of a specific block, the '6800 block of Vicksburg St'. This view includes a 'Pavement Condition' section showing 'Failure' and a 'Work Status' section. The 'Work Status' section is divided into two columns: 'Street Repair Work' and 'Water, Sewer, and/or Drainage Work'. The 'Street Repair Work' column shows a project for 'RR3 - Lakeview North Group F (FRC)' with a schedule from 'Jul-Sep 2021' to 'Jul-Sep 2022'. The 'Water, Sewer, and/or Drainage Work' column shows a project for 'RR388' with a status of 'Planned'. A callout points to the 'Work Status' section with the text 'Get block-by-block information about the work schedule, type of repairs and what to expect during construction'. At the bottom of the page, there is a 'PLEASE NOTE' section stating: 'The content provided on roadwork.nola.gov is subject to change pending unforeseen site conditions, weather delays, constructability issues, etc.'
